A STUDY OF TUBERCULOSIS
IN THE
GALLE HEALTH DIVISION
SRI LANKA

A GEOGRAPHICAL APPRAISAL
BY
S. SARATH PATHIRAD

THESIS SUBMITTED FOR
THE DEGREE OF MASTER OF
ARTS (GEOGRAPHY) AT THE
SRI JAYAWARDENEPURA UNIVERSITY
OF SRI LANKA

87715
# CONTENTS

TABLES AND FIGURES

ACKNOWLEDGEMENTS

Chapter 1 - INTRODUCTION

1.1. - The Geographical Background
1.2. - Purpose of Study
1.3. - Methodology

Chapter 2 - TUBERCULOSIS INFECTION

2.1. - Tubercle Bacillus
2.2. - Mode of Infection

Chapter 3 - TUBERCULOSIS PROBLEM IN THE GALLE HEALTH DIVISION

3.1. - The occurrence of tuberculosis in the Galle Health Division in relation to Sri Lanka
3.2. - Incidence of tuberculosis in relation to other infectious diseases in the Galle Health Division
3.3. - Tuberculosis problem in the Galle Health Division

Chapter 4 - THE PHYSICAL ENVIRONMENT AND THE SPATIAL VARIATION IN THE INCIDENCE OF TUBERCULOSIS IN THE GALLE HEALTH DIVISION

4.1. - Physical features
4.2. - Discussion

Chapter 5 - NUTRITION AND TUBERCULOSIS

5.1. - Present average nutritional levels and Tuberculosis households
5.2. - Findings of the Geo-Medical Survey
5.3. - Impact of nutritional inadequacies on health

Chapter 6 - TOBACCO, ALCOHOL AND TUBERCULOSIS

6.1. - Effect of alcohol on health
6.2. - Effect of tobacco on health

6.3. - Findings of Geo-Medical Survey and other related Medical Research

Chapter 7 - HOUSING AND TUBERCULOSIS

7.1. - Materials of construction of housing
7.2. - Toilet facilities and occupancy
7.3. - Housing and Tuberculosis

Chapter 8 - FACTORS AFFECTING AGE VARIATION IN THE INCIDENCE OF TUBERCULOSIS IN THE GALLE HEALTH DIVISION

8.1. - The role of Biological factor
8.2. - The role of Socio-Economic factor

Chapter 9 - FACTORS AFFECTING SEX VARIATION IN THE INCIDENCE OF TUBERCULOSIS IN THE GALLE HEALTH DIVISION

9.1. - The role of Biological factor
9.2. - The role of socio-economic factor

Chapter 10 - ETHNICITY AND TUBERCULOSIS INCIDENCE IN THE GALLE HEALTH DIVISION

10.1. - The role of Biological Factors
10.2. - The role of Socio-economic factors

Chapter 11 - SPATIAL VARIATION IN THE INCIDENCE OF TUBERCULOSIS AND THE ENVIRONMENT IN THE GALLE HEALTH DIVISION

11.1. - Physical environment and spatial incidence of tuberculosis
11.2. - Socio-economic factors and the spatial incidence
11.3. - Levels of income and tuberculosis
11.4.- The Urban-Rural balance and the incidence of tuberculosis

11.5.- Sex, age, Ethnicity and spatial incidence of tuberculosis
